

CHARITABLE CONTRIBUTIONS

Johnson & Associates believes in giving back to the community through charitable contributions to enrich the lives of us all. As such, Johnson & Associates donates its time, service, and financial support to various educational and philanthropic organizations. Read some of our charitable contribution efforts below. In 2010, our firm's Partner, Adrian J. Johnson, Esq., established the Outstanding Graduate Student Annual Textbook Award Scholarship. This scholarship fund was established as a collaboration between Adrian J. Johnson, Esq., and Auburn University-Montgomery. As a graduate of Auburn University-Montgomery, he sought to help defray some of the cost of pursuing higher education studies. Since its inception, the scholarship fund has aided countless students in achieving their educational goals.

HELP OUR HEROES

Our firm's Partner, Adrian J. Johnson, Esq., established the Help Our Heroes Program in an effort to aide and give back to our heroes who have sacrificed so much to the greater public at large. Heroes include: military personnel, veterans, fire fighters and police officers. We the People, are recipients of the sacrifices of these individuals and their families.

At Johnson & Associates, we believe these individuals should be afforded the best opportunities in regards to legal assistance and services. We strive to provide them top notch legal services at affordable rates, while not compromising on the quality of services they deserve.
